

civil & allied technical construction pty ltd

## QUALITY POLICY

CATCON is a civil engineering company that undertakes all facets of civil engineering works, and has the capacity to undertake and complete design and construct projects.

CATCON has implemented a quality system that complies with:

- AS NZS ISO 9001-2008 Quality Management Systems-Requirements

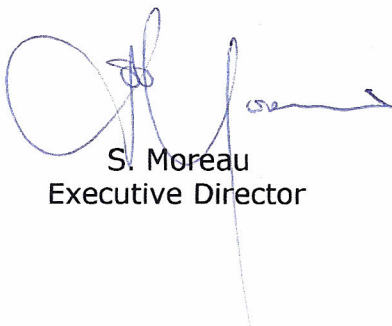

CATCON's quality system ensures that the delivery of civil engineering projects is achieved in accordance with all relevant legislation, the contractual requirements, and satisfies the client's objectives.

CATCON is committed to the realisation of the client's objectives through an emphasis on our managers' commitment to, and our employees' involvement in, the quality requirements of the project from commencement to completion.

CATCON shall review and improve the quality system, and retain third party certification in accordance with the requirements of AS NZS ISO 9001-2008. CATCON shall integrate the management of safety, quality and environmental matters in the CATCON Management System.

CATCON shall monitor the performance of suppliers and subcontractors to ensure that their work is in accordance with CATCON's and our clients' requirements for quality performance.

CATCON shall provide the resources (personnel, training, information, products, equipment, and external support) that are necessary to implement all management system requirements and to complete projects to the specified standards.
